* Robert Jones says undertone of Beige 1 Crème-to-Powder is yellow. ** Please note that Day Radiance Cream foundations are discontinued. However, you may have customers, who used these products/shades. Blank spaces indicate no comparable shade. (Original version created by Sr. Director Amy Duncan—this version by Think Pink Software)

Finding the Right Shade—Working with Undertones

Ask these 3 questions...

- Do you burn easily? If yes, recommend shades with a pink undertone.
- Do you burn and then tan? If yes, recommend shades with a yellow undertone.
- Do you tan easily? If yes, recommend shades with a olive undertone.

Next...

- Decide if she is ivory, beige, or bronze.
- Then, find the column below with her correct undertone.
- For example, if she is a light ivory with a pink undertone, you would select Ivory 1, Ivory 3, and Ivory 6 to color-stripe test.

Undertone Chart

	Yellow	Olive	Pink	Golden Orange	Warm Brown
Ivory	Ivory 2 Ivory 4 Ivory 5	Ivory 5	Ivory 1 Ivory 3 Ivory 6 Ivory 7		
Beige	Beige 1 Beige 2	Beige 4 Beige 6 Beige 7	Beige 3 Beige 5 Beige 8		
Bronze	Bronze 1 Bronze 6		Bronze 2 Bronze 4	Bronze 3 Bronze 5	Bronze 7 Bronze 8

Also, keep in mind...

- These questions are a good guideline/starting point, but of course, they are only a starting point. You may need to adjust the shade depending on your individual customer.
- For the most part, your goal is to match the undertone in a customer's skin. However, sometimes women may have redness, brown spots, or ashy tones that you can move towards a more even tone by working in an opposite undertone.
 - Yellow can balance redness.
 - Pink tones can camouflage brown.
 - Ashy tones can benefit from pink tones as well.

Finding the Right Formula—Ask These Questions

1. What is the most important thing that you want your foundation to do?
2. What is your skin type?
3. What kind of finish do you want your foundation to have?

Skin Type	Foundation Recommendation	Finish	Benefits
Normal/Dry	TW Luminous Wear	luminous/ dewy	*reduces appearance of pores, fine lines, and skin imperfections *leaves skin luminous, radiant, and brightened
Combo/Oily	TW Matte Wear	matte	*reduces appearance of pores, fine lines, and skin imperfections *absorbs oil and controls shine all day
Combo/Oily	Endless Performance Crème-to-Powder	matte	*looks freshly-applied in warm weather *heat and humidity resistant *transfer resistant
Oily	Medium Coverage	natural	*stay-true, stay-put color *controls oil for at least eight hours
All Skin Types (dry skin may need extra moisture product to use successfully)	Mineral Powder	natural/ matte	*blends easily *buildable coverage *controls shine *long wearing and transfer resistant
All Skin Types	CC Cream	natural	*eight benefits in one step—protect, brighten, correct, minimize redness, conceal, hydrate, reduce visible signs of aging, and defends
