

My Heart to Yours!

February is the American Heart month! This month I will be donating 10% from each and every skin care class to the American Heart Association. So if you would like to be pampered with some friends, feel, smell and sample the latest from Mary Kay, while supporting a good cause for women like me and you, make sure to book your class this month! My Valentine's store will be opened to assist you with all of your shopping needs. I'll see you there!
